It is dispersed to it without recompenses was over. There to like the work of them calves than I gave for the

who took an important part in it. Be. and appointed an interview one night of

For the Berliter

tions, yet there is no apparent restraint upon the movements of the patients except in extreme cases like those alluded to in a previous letter. The law of kindress rules supreme, and so perfect are the facilities for guarding and protecting the patients by telegraph or otherwise, it is not easy to escape detection if the rules are disregarded. One young man from a southern town concluded to give himself an airing in the city one atterneou,

the result of total depravity. Many an unfortunate man has

Young men should diseard improper indulgencies that overtax the beain which is liable to fail and leave them to ray against a strong current with disabled oars. Distrusted by others, they will soon learn to distrust themselves, and

RIBING ON LOCOMOTIVES .- It len't are much fun, said an engineer to a reporter The thunder was dealening, even above the crash and roar of the train, and the lightning played incessantly, The train make up time, and were going at a terrille pace. It must have seemed pandemonium to my friend, who had never been in a
